Dear Alaskan Business:

Junior Achievement of Alaska (JAA) is partnering with Alaska Natural Resource Month to help promote economic education in Alaska's classrooms statewide.

Junior Achievement of Alaska has been approached by many organizations and received feedback from past classroom volunteers that the effectiveness of the national programs would be greatly enhanced with a lesson on **Alaska's economy**. This collaborative effort helps both organizations educate and inspire Alaska's students to understand the unique opportunities that exist in Alaska, and brings together the business world and educators in the classroom. JA has had a 40 year track record of success in Alaska, and some of the benefit of JA include:

- Students that experience JA are more likely to graduate from high school;
- 90% of educators believe JA helps prepare young people for success after graduation;
- 95% of students believe JA helped prepare them for life after graduation.
- JA's curriculum aligns with Common Core and Alaska State Learning Standards
- JA is on track to reach 8,500 students in 43 Alaskan communities this school year

As an influential member of the community, your company's investment can help ensure that students in Alaska are receiving the benefit of JA's economic education program, as well as educated about the important role that resources like oil and gas, tourism, mining, timber, etc. play in the Alaskan economy.

**Investor's Club**

- |  |   |
|--|---|
| <input type="checkbox"/> Classroom Sponsor (\$450 - \$1,499)   | <input type="checkbox"/> Investor Sponsor (\$5,000 - \$9,999)       |
| <input type="checkbox"/> Partner Sponsor (\$1,500 - \$2,499)   | <input type="checkbox"/> Entrepreneur Sponsor (\$10,000 - \$24,999) |
| <input type="checkbox"/> Executive Sponsor (\$2,500 - \$4,999) | <input type="checkbox"/> President Sponsor (\$25,000 - \$49,999)    |

We hope you will consider joining us as a supporter in this educational collaboration that brings the world of business into the classroom, to help educate and inspire young people to succeed in a global economy.

Best Regards,

Deborah Brollini
